What is 'Funding the Future'?

Now in its tenth year, Funding the Future is Britain's largest 'Meet the Funders' conference. It enables third sector leaders to hear and debate funding policy with Government Ministers and the key decision makers in statutory, lottery and trust funders. We divide the audience into seven halls for the afternoon session, enabling you to discuss your field of work with relevant funders.

Who can attend?

The event is primarily intended for chief executives, senior fundraising staff and trustees of voluntary and community organisations, the administrators of grant-making trusts and senior employees of local authorities who need to have a broad appreciation of funding policy. This year, we also have a stream on funding public sector organisations entering the voluntary and community sector as a result of the 'Big Society' agenda.

Action Planning

Action Planning is a leading UK consultancy to the not-for-profit sector. It offers an unparalleled combination of fundraising and management consultancy, research, 'Wealth Intelligence' database screening, recruitment and 'hands on' fundraising to help organisations grow their income and fund major capital projects.

An initial discussion with Action Planning is without commitment.

Please tick section 4 opposite or contact Vicky Porritt vporritt@actionplanning.co.uk or call 020 8642 4122 if you would like to talk to us about your needs.
